Kindergarten
Enrolling For Fall

We're now enrolling for Fall Junior Kindergarten!
Our all-day program offers a kindergarten curriculum adapted for a younger age group to help your little learner have a successful kindergarten transition.

Chromebook For Each Student

School districts in St. Charles and St. Louis Counties begin using Chromebooks in Kindergarten. Learning to work with technology is as important as holding a pencil and we give students an early start.

Accredited School

We are among only 10% of preschools in Missouri to have earned NAEYC accreditation by meeting a set of more than 400 stringent academic, social, and quality standards.

Degreed Teachers

Our teachers are extraordinary; nearly eighty percent of the team have earned a Bachelor's degree or higher. They bring our curriculum to life.

The Premier Junior Kindergarten Program in St. Louis

- The program is designed for 4-year-olds & 5-year-olds with late birthdays.
- Enrichments are included in tuition and include Music, Chess Club, Cooking, and Soccer Shots.

“ Since Jaxyn began at Kiddie Academy 2 years ago, she has excelled in so many areas from her vocabulary to problem-solving and even language arts. The KA curriculum is first class and Jaxyn is prepared for her first day of kindergarten in the fall.

Jade Jones
Kiddie Academy of Des Peres

“ My son missed the cut-off for Kindergarten because of his birthday and we were concerned another year in pre-school might be boring for him. He had incredible teachers that found ways to continue to challenge him and push him into a leadership role. When he did finally start Kindergarten, his teacher asked us where he went to preschool because she was so impressed by his writing, math, and listening skills!

Katie Lindner
Kiddie Academy of O'Fallon
